APPENDICES

Appendix A: Site Placement Application

Appendix B: Memorandum of Understanding

Appendix C: Site Profile

Appendix D: Site Placement Agreement

Appendix E: Weekly Clinical Activity Log

Appendix F: Clinical Activity Log Summary

Appendix G: Supervisor Evaluation of Student Counselor

Appendix H: Student Evaluation of Placement Site

Appendix I: Student Evaluation of Supervisor

Appendix J: Consent for Taping Sample

Appendix K: Student Counselor's Agreement to the Counseling Practicum/Internship Manual

Appendix L: Application to Become an Approved Practicum/Internship Site

PART I: Introduction to the Counseling Practicum

Doctoral students will complete a total of 100 clock hours to meet requirements for practicum. Per CACREP, “Doctoral students participate in a supervised doctoral-level counseling practicum of a minimum of 100 hours, of which 40 hours must be providing direct counseling services.”

During practicum, the student must receive weekly individual and/or triadic supervision, usually performed by a supervisor with a doctorate in counselor education or a related profession. Group supervision is provided on a regular schedule with other students throughout the practicum and is usually performed by a program faculty member.

This manual delineates the structure and standards to the practicum program in the University of Arkansas Counseling Program. Standards are based on requirements placed by the Council for Accreditation of Counseling and Related Educational Programs (CACREP), which is a national affiliate of the American Counseling Association (ACA). Doctoral practicum students are responsible for the policies and procedures set forth in this manual.

Terms used in this manual are defined below:

DIRECT SERVICE – defined by CACREP as *face-to-face interactions* that involve the application of *counseling, consultation or human development skills*. Individual and group counseling, supervising a master’s level supervisee, and active teaching or co-teaching experiences are all examples of direct service.

INDIRECT SERVICE – all of the miscellaneous activities related to internship that are not direct service. Engaging in your own supervision, preparing case notes, course preparation, attending professional staffings, and participating in conferences or workshops, are examples of indirect service.

COORDINATOR (Internship/Clinical) – a member of the CNED faculty appointed to coordinate the administrative aspects of the program’s internship and ensure all standards are being upheld. (CACREP, ADE, ArBOEC, CNED, COEHP, UA, ACA).

SITE – a setting where counselors work. This could be a school, college or university setting, community mental health center, hospital, private practice or other organizations.

SITE MANAGER – the person who provides administrative management to the counselors employed by a site.

SITE SUPERVISOR – a professional appointed by the site manager as the immediate and direct supervisor of an intern at the placement site. The site supervisor must be a Licensed Professional Counselor with at least 2 years of experience, unless otherwise approved by faculty.

PART II: Applying for, Enrolling in, and Obtaining Practicum Placement

Prerequisites:

Doctoral level students must consult with their major advisor concerning the type of practicum experiences that are appropriate for their program of study. Students must apply to and obtain approval from the CNED faculty and clinical coordinator prior to enrolling.

Enrollment priority: Practicum instructors and sites are limited in number. Additionally, CACREP standards require a limited instructor to student ratio. Some practicums may be delayed in order to maintain the integrity of the program. CNED faculty will make joint decisions regarding delay of practicum. Priority sequence will be as follows: (a) full time CNED majors, (b) part time CNED majors.

Procedures for applying:

1. **Select a clinical site.** Students may obtain a listing of Approved Placement Sites from the CNED website or the clinical coordinator. Students are urged to discuss with their major advisor and clinical coordinator the appropriateness of any placement site for meeting their career development needs. If a student desires to do practicum in a site not previously approved, the student must consult with the coordinator to determine if the site may be approved for their practicum, and have the site manager complete an Application to Become an Approved Site form (Appendix L). The clinical coordinator must approve the site, and they reserve the right to determine if a site is suitable. While the practicum student may select a practicum at their current place of employment, they may not use any part of their current job toward their practicum. In this case, the practicum student must engage in work that is significantly different than their job experience; often this means working with a population or issue they have not previously worked with.
2. **Apply to the clinical site.** Students must contact the site manager and request to be interviewed at their preferred clinical sites. Site managers have the authority to determine if a student would be suitable for the site. If accepted by the site manager, the student must apply to the clinical coordinator for approval to perform practicum at the site.
3. **Complete documentation for clinical site.** The following forms must be completed and submitted *by the established due date* the semester prior to beginning practicum:
 - a) **Placement Application** (Appendix A).
 - b) **Memorandum of Understanding** (Appendix B). The Memorandum of Understanding is an agreement between the practicum site and the counseling program at the University of Arkansas.
 - c) **Site Profile** (Appendix C). The site manager, or the practicum student working in conjunction with the site manager or site supervisor, must complete the Site Profile, which describes the types of counseling services offered at the site.
 - d) **Placement Agreement** (Appendix D). Placement Agreement indicates that the counseling program faculty and the site administrators approve the student's application to complete

practicum at the site. The site manager, the site supervisor, the student and the practicum coordinator must sign it.

- e) **Agreement to Manual** (Appendix K).
- f) **Background Check** (Appendix M)
- g) **DHHS Child Maltreatment Registry Check** (Appendix N)
- h) **Professional Liability Insurance.** Liability insurance can be obtained through HPSO for a reasonable cost. *Professional liability insurance is a requirement for all practicum students.* Proof of professional liability insurance must be turned in to the coordinator prior to beginning practicum.
- i) **Mandated Reporter Training.** This training can be completed at <http://ar.mandatedreporter.org>. Provide the completion certificate along with other paperwork to the clinical coordinator.

All documentation must be turned in to the coordinator prior to the beginning of the semester. Field placement may not begin until all of the above documentation is completed and turned in to the coordinator. Failure to complete documentation is sufficient reason to withdraw the practicum student from the placement site and to indicate unsatisfactory performance in practicum.

Paid practicum:

In the state of Arkansas, School Counselors may legally work in a public school setting prior to graduation from a master's level counseling program under the Deficiency Remediation Plan (DRP), which must be filed with the Department of Education. Counseling students who are working as School Counselors under DRP may complete their practicum requirements at their place of employment provided appropriate supervision is arranged.

All other persons in Arkansas who provide counseling in settings, such as agencies, hospitals and other community or private settings, may only do so when they have been duly licensed by the Arkansas Board of Examiners in Counseling (ArBOEC). Being a counseling practicum student does not qualify the student for licensure. Therefore, the student may not legally accept employment as a counselor. Employment where the primary duties are not those of a Counselor as defined by ArBOEC, such as a case manager or assessment counselor, mental health aid, etc., is not acceptable to complete the requirements of counseling practicum.

Counseling practicum students who hold licenses as Professional Counselors in Arkansas may accept practicum placements that include reimbursement for providing counseling services but duties must be qualitatively different from current job as a professional counselor.

Students who are considering employment as a paraprofessional at their proposed practicum site simultaneous to participating in practicum must secure written approval from the CNED clinical coordinator *prior* to employment to ensure compliance with state and CACREP standards.

The practicum student should be aware that according to the State of Arkansas 72nd General Assembly Act 593, Section 15:

“Students engaged in counselor training programs . . . may perform, as part of their training, the functions specified in Section 3 of this Act . . .” (counseling, appraisal, consulting, referral, and research) “. . . provided that such functions are performed under the supervision of a Licensed Professional Counselor.”

Change in placement:

Counseling practicum students are generally expected to complete their semester in one clinical placement setting.

Anytime a practicum student leaves a setting, the counseling faculty and clinical coordinator expect the practicum student to engage in an appropriate termination process with their clients and with on-site personnel prior to leaving the setting. Should a student’s placement become problematic, the student may change the placement.

Termination or change of placement at the student’s desire will adhere to the following procedures:

1. The practicum student, the practicum instructor, the clinical coordinator and the site supervisor discuss the problem and determine whether a solution can be found within the existing placement. The student may be asked to continue with the placement until the end of the semester, and an agreement may be made to change the placement before the beginning of the next semester.
2. If a solution is not found and the practicum student desires to make a change of placement during the semester, the student must write a request for placement reassignment and summarize reasons for the reassignment. The clinical coordinator will make a decision to terminate the placement and request an evaluation (Appendix G) of the practicum student’s performance from the site supervisor. The practicum student is not guaranteed another placement during that semester or for any future semesters.
3. The practicum student and the coordinator explore new placement options. The practicum student must follow all procedures outlined in Part II to obtain placement in a new setting.
4. The coordinator will confer with the site supervisor of the first assigned placement to consider the possibility of future placements.

Termination or change of placement by a site manager, site supervisor, or the counseling faculty will adhere to the following procedures:

1. The practicum student, the practicum instructor, the coordinator, and the site supervisor discuss the problem and determine whether a solution can be found within the existing placement.
2. If a solution is not found, the practicum student may be immediately terminated from the placement at the discretion of the clinical coordinator or at the request of the site supervisor and

site manager. The site supervisor, site manager, or coordinator will provide the practicum student a written summary of reasons for the termination.

3. If the termination is due to the practicum student's performance, the student will be allowed a hearing with the counseling faculty. If needed, the coordinator will confer with the counseling faculty to devise a remediation plan for the student. In these cases, the practicum student is not guaranteed another placement during that semester or for any future semesters.
4. While the program encourages the site manager and site supervisor to follow the above procedures, they maintain the right to immediately terminate the student.

Change of clinical site supervisor:

Practicum students must inform the clinical coordinator of any change of their on-site supervisor.

Practicum students may offer counseling services only when they are under the supervision of the University of Arkansas Counseling Program. If the practicum site requests that the student work through holiday periods, the practicum student must arrange with the clinical coordinator a University of Arkansas Counseling Program supervisor. If a counseling program supervisor is not available, practicum students may not offer counseling services other than when enrolled in the practicum course during a regular semester.

PART III: Responsibilities

A practicum with the University of Arkansas Counseling Program requires all practicum students, counseling faculty, site supervisors and site managers to comply with the following:

- The 2014 American Counseling Association Code of Ethics.
- The 1993 Association for Counselor Education and Supervision's Ethical Guidelines for Counseling Supervisors.
- All legal statutes governing counseling practice for the state of Arkansas.

Program and Site. The responsibilities of the University of Arkansas Counseling Program and the practicum student's clinical placement site are in the Memorandum of Understanding (Appendix B).

Course Instructor. The practicum course instructor is responsible for:

- Providing 1.5+ hours of weekly group supervision
- Meeting the course description given in the Graduate School Catalog, the course outline/syllabus, and in the Practicum Manual.
- Following and ensuring the practicum students follow the policies and procedures of this manual.
- Following and ensuring the practicum students follow all appropriate ethical codes and legal statutes.
- Evaluating student performance, obtaining evaluations from practicum student's supervisors, and assigning student grades, with consideration of the evaluations.

Clinical Coordinator. The primary responsibilities of the clinical coordinator are to:

- Develop policies and procedures for implementing the practicum program.
- Follow, and ensure the practicum students follow the policies and procedures of this manual.
- Follow, and ensure the practicum students follow all appropriate ethical codes and legal statutes.
- Make available written guides for site supervisors and students.
- Follow the CNED faculty's criteria for the selection of quality placement sites.
- Assist sites in selecting appropriate professionals as supervisors.
- Assist students in initiating procedures for student placement.
- Participate in relevant meetings, committees, conferences, and supervisor training sessions. Assist students, course instructors, and site supervisors in the resolution of placement problems.
- Inform all affected parties of changes regarding site placements.

Counseling Faculty. The primary responsibilities of the counseling faculty with regard to practicum are to:

- Follow and ensure the practicum student follows the policies and procedures of this manual.
- Follow and ensure the practicum student follows all appropriate ethical codes and legal statutes.
- Provide timely opportunities for student hearings in cases of grievance.
- When needed, devise remediation plans for practicum students and ensure their timely completion.

Doctoral Practicum Student. The primary responsibilities of students enrolled as doctoral practicum students are to:

- Read and follow the policies and procedures of the most current Doctoral Practicum Manual.
- Provide a copy of the most current Doctoral Practicum Manual to the site supervisor.
- Follow all appropriate ethical codes and legal statutes.
- Practice the skills inherent in the program's objectives, as described in Part IV.
- Integrate knowledge from previous courses and apply it in the practicum setting.
- Develop and practice analytic skills sufficient for responsible professional practice.
- Develop strategies and goals for continuing personal and professional growth and share them with supervisors.
- Attend weekly supervision sessions with all supervisors – on-site and class instructor – and program appointed supervisees.
- Attend every class meeting of the course being taught or co-taught, barring illness or extreme circumstances, in which case the intern should notify the faculty instructor as soon as possible.
- Inform the coordinator of any changes in the clinical site supervisor.
- Provide weekly samples in the form of tapes for review by supervisors.
- Complete required practicum hours in a timely way.
- Maintain appropriate *documentation of activities*.
 - Submit all necessary documentation to clinical coordinator (see Part II, Procedures for Applying)
 - Weekly throughout practicum, the practicum student must submit to the course instructor
 - Counseling Practicum Log (Appendix E)
 - Appropriately signed consent forms from clients who have consented to taping of their counseling sessions (Appendix J).
 - Other written assignments, such as case studies, as specified by the course instructor.
 - At the end of each semester, each practicum student must submit to the course instructor:
 - Practicum Log Summary (Appendix F)
 - Placement Evaluation (Appendix H)
 - Evaluation of Supervisor (Appendix I)

Site Supervisors. The primary responsibilities of the site supervisor with regard to supervising doctoral level counseling students are:

- Provide 1 hour of weekly individual or triadic supervision
- Be familiar with the documentation required of doctoral practicum students and assist them to complete it in a timely manner.
- Complete the Counseling Student Evaluation form (Appendix G) at the following times:
 - At midterm of the semester
 - At the end of the semester
 - Anytime a practicum student is demonstrating unsatisfactory, unethical or illegal performance.

Supervisors may supplement the Counseling Student Evaluation form with other written statements or documentation. Practicum students will receive copies of each written evaluation and the evaluating supervisors must discuss the evaluation with them. Evaluations must be submitted to the course instructor in a timely manner.

PART IV: Program Learning Objectives

The best education for a profession combines theory with practice while encouraging an integrated personal style. The task is to design and implement a learning program that is mutually reinforcing, and yet accountable to:

- Clients, students, and supervisees, by assuring they receive competent and ethical service.
- Practicum students, by enhancing learning and meeting personal objectives.
- The counselor education profession, by improving the means of promoting and assessing student readiness for professional practice.
- The clinical site and University program, by putting learning goals into operational terms, which fit the site's service and clientele.

The University of Arkansas's counselor education program's doctoral-level learning objectives are organized into three major areas: (a) clinical, teaching, supervision, research, and advocacy skills, (b) becoming a counselor educator, and (c) site and community skills

A. Clinical, Teaching, Supervision, Research, and Advocacy Skills

1. Clinical

- a. Apply core counseling skills of empathy, respect, concreteness, genuineness and immediacy within the counseling process.
- b. Apply advanced counseling skills such as advanced accurate empathy, confrontation, and immediacy within the counseling process.
- c. Use modes of direct service intervention appropriate to role level, client needs and site function.
- d. Formulate and implement a treatment plan to address client needs.
- e. Terminate and evaluate the counseling relationship.

2. Teaching

- a. Students are expected, under supervision, to develop graduate level teaching skills and abilities.
- b. Students are expected to appropriately prepare lesson plans.
- c. Students are expected to learn a variety of teaching strategies.
- d. Student are expected to learn course development, including syllabus creation, grading, university expectations, etc.
- e. Students are expected to utilize supervision to aid in their development.

3. Supervision:

- a. Students are expected to develop supervision models appropriate to the situation for which they are in.
- b. Students are expected to aid less-seasoned counselors-in-training in developing and improving counseling skills.
- c. Students are expected to utilize supervision of supervision to aid in their development.

4. Research:
 - a. Students are expected, under supervision, to develop an understanding of research methodologies.
 - b. Students are expected to be knowledgeable of the University of Arkansas' Institutional Review Board Procedures in relation to human subjects.
 - c. Students are expected to develop skills in extensive literature searches.
 - d. Students are expected to develop writing skills in relation to all aspects of manuscript development.
 - e. Students are expected to participate in all aspects of research (from idea generation to publication).
 - f. Students are expected to utilize supervision to aid in their development.
5. Advocacy
 - a. Students are expected to learn and implement various methods of advocacy for both clients and the profession
 - b. Students are expected to aid less-seasoned counselors-in-training in developing and improving advocacy skills

B. Becoming a Counselor Educator

This learning objective is demonstrated in the willingness of the practicum student to be fully responsible for personal thoughts, feelings and actions and in their pro-active stance towards learning. Both are essential for autonomous practice. Competence will be displayed through the student's ability to:

1. Demonstrate a capacity for self-observation and self-awareness by
 - a) Identifying and assessing effects of learning style, personal values, biases and feelings on performance, especially regarding issues of human diversity.
 - b) Examining and changing behaviors that interfere with successful work.
 - c) Exercising initiative in making counseling interactions and activities observable and subject to feedback.
2. Use counseling supervisors for learning by
 - a) Identifying initial learning needs and interests.
 - b) Actively collaborating in formulating and updating a learning contract.
 - c) Asking questions.
 - d) Preparing work agendas.
 - e) Seeking other available learning resources, including professional staff, print and non-print media, professional literature and research.
 - f) Discussing assignments, challenges and problems openly with supervisors.
3. Apply content from counselor program courses in the placement agency by

- a) Applying concepts, skills, professional counseling values and ethics in work with clients and colleagues.
 - b) Identifying and discussing ethical dilemmas in professional decision-making.
 - c) Discussing conflicting obligations, choices, or expectations between self, client and colleagues.
 - d) Generating reports, presentations, process records and tapes.
 - e) Applying knowledge of theory and empirical findings.
4. Manage time and work demands by
- a) Arriving at assigned times at the placement site or for supervision.
 - b) Planning and organizing available time to manage the flow of work.
 - c) Prioritizing tasks in relation to deadlines, site procedures and client system needs.
 - d) Completing assignments on time.
 - e) Exercising good judgement in completing work priorities.

C. Site and Community Multicultural Awareness and Skills

Practicum students should be aware of the reciprocal influences of social class, age, gender, ability, sexual orientation, racial and ethnic differences, as well as culture and personality on human and organizational behavior. Practicum students should observe, assess, and be able to discuss the impact of organizational policies and structures on the site's services, clients and staff. Competence will be displayed through the student's ability to:

1. Identify and describe the organizational structure of the site, its mandates and services, and the roles and functions of staff members.
 - a) Having the ability to prepare a graphic representation of the placement site's organizational lines of authority and structure.
 - b) Having the ability to present a simulated 10-minute public service talk about the site.
 - c) Having the ability to describe the site, its purpose and its services.
 - d) Having the ability to respond to telephone requests for information about the site.
 - e) Having the ability to prepare a brochure, which could be used to publicize the site's services.
2. Describe and assess the impact of selected policies, legislation and organizational structure on site services, clients, staff and self.
 - a) Identifying how individual problems relate to larger policy issues.
 - b) Describing ways in which gender, race, social class, age, ability, sexual orientation and ethnicity impact the organization and use of services.
 - c) Describing the formal and informal means through which site policies are formulated.
 - d) Describing the work climate of the site and assess its impact on staff morale.
3. Describe the typical client in relation to the community system and recognize the ways in which a client's inability to function appropriately or adequately in the community system leads to involvement with the site.

- a) Identifying and describing the key components within the community, which promote or diminish client functioning.
 - b) Having the ability to present a simulated expert witness report outlining the negative or non-supportive relationships between the mainstream life of the community and the unmet needs of a specific client or target group.
 - c) Identifying the describing key organizations or institutions in the client's life and the interactions existing between the client and these larger systems.
 - d) Making effective referrals of clients to other service sites or community resources needed for improving client functioning or coping skills.
4. Contribute to the processes of maintenance and change in the site and the community.
- a) Identifying and assessing personal feelings, attitudes and degrees of adaptability with respect to changes within the site.
 - b) Contributing to the ways in which staff members cooperate in various work groups.
 - c) Developing knowledge and skills for conflict resolution in an organizational setting, participating as a member of work groups.

PART V: General Requirements

Doctoral students will complete a total of 100 clock hours to meet requirements for practicums. Per CACREP, “Doctoral students participate in a supervised doctoral-level counseling practicum of a minimum of 100 hours, of which 40 hours must be providing direct counseling services.”

During practicum, the student must receive weekly individual and/or triadic supervision, usually performed by a supervisor with a doctorate in counselor education or a related profession. Group supervision is provided on a regular schedule with other students throughout the practicum and is usually performed by a program faculty member.

Hours to be completed

Practicum hours can be ONLY be accrued through clinical work. Practicum students must accrue 40 direct hours, and 60 indirect hours to meet practicum requirements.

Note: These are *minimum* requirements for direct hours and total hours. Indirect hours may be less only if direct hours are more and the total still meets the minimum requirements. Direct hours may never be less than the minimum required.

Practicum students are expected to complete their practicum hours in a timely manner. When completing a 100-hour practicum during a 15-week semester, practicum students should average approximately 10 hours per week providing services on site. The appropriate minimum ratio (4:10 hours) of direct service must be completed for the practicum student to be considered making satisfactory progress in practicum. Practicum students must go through an appropriate termination process with their clients, supervisees, and with other on-site personnel prior to ending their practicum at the end of their enrollment.

Practicum students who complete the required number of hours prior to the end of the semester must continue to work at the site and remain under site and university supervision throughout their enrollment.

Supervision

Three types of supervision may be provided to the practicum student during the counseling practicum: individual, triadic, and group. Individual supervision is one-on-one face-to-face supervision provided by both the site supervisor (for clinical supervision) and by program faculty (providing supervision-of-supervision). Triadic supervision involves a supervisor and no more than two students. Group supervision is conducted by the counseling program faculty. The following supervision is mandatory throughout internship:

One hour of individual/triadic site supervision per week: Doctoral practicum students must complete a minimum of one hour *on site* per week of individual/triadic supervision provided by the site supervisor. This must occur every week, be documented in Appendix E, signed by the site supervisor and practicum student, and turned in to practicum instructor each week or the practicum student may not see clients.

One and a half hours of group supervision per week: Counseling practicum students must complete at least one and one half hours per week of group supervision in the practicum class on campus. More than 3 missed classes will not result in completion of enough group hours to meet this requirement.

Additional supervision may be required as determined by the counseling faculty. This may include one hour per week of individual or triadic supervision provided by the counseling faculty or an appropriately trained/experienced doctoral student.

Practicum Duties

Practicum students are expected to perform the duties of a counselor at their practicum sites only under continuous supervision. For every 100 hours of service at the practicum site, students are expected to perform 40 hours of direct service (40:100 or 8:20 ratio). Direct service includes individual and group counseling, as well as consultation and staffings in which you present a case that are face-to-face interactions. Practicum students should also have the opportunity to become familiar with a variety of professional activities in addition to direct service such as record keeping, information and referral, in-services and staff meetings. Practicum students should gain supervised experience in the use of a variety of professional resources such as assessment instruments, technologies, print and non-print media, professional literature and research.

Work samples

Practicum students are expected to provide work samples to their supervisors. Supervisors will indicate how many samples are required each semester. Work samples are tapes of interactions with clients and supervisees. Videotapes are preferred. Audiotapes may be acceptable with approval of the supervisor. The practicum student must obtain permission from the client for taping and must submit a signed consent form to the supervisor when the tape is reviewed. A sample of a consent form is available in Appendix J. Other types of work samples that may be required include case notes and case studies. The practicum student must make supervisees aware that sessions will be taped as part of the training program. The practicum student should include a tape consent form with initial supervision paperwork (Appendix J).

Evaluations

Practicum students will be evaluated throughout their practicum. Evaluation will be based on the practicum student's (a) adherence to the expectations of practicum as specified by the policies and procedures described in this manual, (b) performance within the placement setting and (c) demonstration of competency in achieving the Counseling Program's learning objectives (described in Part IV). See Appendix G for the Counseling Student Evaluation Form. Formal written evaluations will occur:

- At midterm for all practicums
- At the end of all practicums
- Anytime a practicum student is demonstrating unsatisfactory, unethical, unprofessional, or illegal performance in practicum (see syllabus for further explanation).

Practicum student's written evaluations will include the Counseling Student Evaluation Form (Appendix G) and may also include other written statements and documentations. Practicum students will receive copies of each written evaluation and the evaluating supervisors must discuss the evaluation with them.

Practicum students will be required to provide evaluations of placements sites (see Appendix H), supervisors (see Appendix I), and Practicum Log Summary (see Appendix F) at the end of each semester of practicum.

Course Instructor may include additional requirements. The practicum student should always consult the Practicum Syllabus as well as the Counseling Practicum Manual.

PART VI: Evaluation

Evaluation will be based on the practicum student's (a) adherence to the expectations of practicum as specified by the policies and procedures described in this manual and in the syllabus, (b) performance within the placement setting and (c) demonstration of competency in achieving the Counseling Program's learning objectives (described in Part IV). Evaluations will be based on observations of practicum students' work performances, in practicum students' work samples, on practicum students' verbal reports, and on practicum students' behaviors at the placement setting, in supervision, in the Practicum course and on the practicum students' interactions with the counseling program faculty and students. Evaluation will be on going and periodic, and will be both verbal and written, formal and informal.

On-going, verbal, informal evaluations occur in regular sessions with practicum supervisors providing feedback on the practicum students' demonstrated counseling skills. Practicum students should seek verbal feedback in each session to develop an understanding of how each supervisor perceives their progress in the practicum.

Written, formal evaluations involve assessing overall progress and developing plans for improvement. Formal evaluations using the Counseling Student Evaluation form (Appendix G) will occur:

- At midterm of each semester of practicum
- At the end of each semester of practicum
- Anytime a practicum student is demonstrating unsatisfactory, unethical, unprofessional or illegal performance in practicum

Mid-semester evaluation: The mid-semester evaluation is a formal written evaluation using the Counseling Student Evaluation form (Appendix G). Supervisors should insure the report summarizes significant verbal assessments made in supervision sessions. Supervisors should schedule a mid-semester evaluation conference to share and discuss the written formal evaluation with practicum students. Supervisors should insure the practicum student is receiving appropriate verbal feedback, and if necessary, written evaluative feedback, so the practicum student will be prepared to expect the feedback at the written mid-semester evaluation. The instructor will ask all practicum students to inform their supervisors of the date the mid-semester evaluation is due.

Final evaluation: The final evaluation follows the same format and procedures as the mid-semester evaluation. The final evaluation form and any related practicum documents should be hand delivered to the instructor no later than the last class period before final exam week on the University calendar. The instructor will ask all practicum students to inform their supervisors of the date the final evaluation is due.

Guide for grade recommendations

The practicum course instructor assigns grades based on demonstrated competencies and professionalism in both the classroom and field placement site according to the following guidelines:

A = demonstration of counseling skills and professionalism at levels satisfactory or above what is expected at this level.

B = demonstration of counseling skills and professionalism at levels adequate or above what is expected at this level.

C = unsatisfactory performance and/or professionalism. The student will be required to repeat the course.

D = evidence of unethical or illegal practices and/or professionalism. The student may be dismissed from the counseling program.

I (Incomplete) A grade of Incomplete (I) will be given only if the practicum student has made satisfactory progress but has too few clock hours of service due to factors the practicum course instructor judges to be beyond the practicum student's control. The practicum student must develop and give to the instructor, the clinical coordinator, and if appropriate, the site supervisor, a written time plan for completion of the remaining hours. *All requirements must be completed no later than five weeks after the beginning of the next offering of the course.*

Unsatisfactory, unethical, or illegal performance

Any time a supervisor evaluates a practicum student as not making satisfactory progress, the supervisor should document this in a written summary of performance. The report must be dated and signed by the supervisor and the practicum student. The practicum student's signature indicates awareness of the supervisor's evaluation, it does not indicate agreement or approval. In the case of differences of opinion that cannot be resolved, the practicum student should write an addendum, ask the supervisor to read and sign it, and then attach it to the evaluations. *The supervisor must contact the clinical coordinator promptly to report unsatisfactory progress so that appropriate remediation or resolution of the situation can occur.*

Unsatisfactory performance rarely refers to a singular or isolated event. *A supervisor will usually develop an awareness of an observable pattern of sub-par performance over time. Sub-par performance should be brought to the practicum student's attention in writing as soon as it is identified as an observable pattern.* The supervisor should notify the clinical coordinator as soon as an observable pattern of sub-par performance is identified. The supervisor, the clinical coordinator, the instructor, and the practicum student will then confer to discuss the unsatisfactory aspects of performance and jointly develop a plan for improvement. If the practicum student does not sufficiently improve in the timeframe specified for remediation, the practicum student may be removed from the site and a grade commensurate with the performance will be recorded.

Unethical or illegal performance of counseling services may be found by the counseling faculty sufficient grounds for withdrawing an practicum student from the practicum setting and to deny the student further enrollment in the counseling program.

The following are some of the reasons for evaluating a practicum student as demonstrating unsatisfactory, unethical or illegal performance:

- The practicum student fails to follow appropriate ethical codes or legal statutes governing the provision of counseling in the State of Arkansas
- The practicum student fails to follow the rules and/or meet the expectations of a counselor working in the placement setting
- The practicum student fails to demonstrate appropriate application of counseling skills
- The practicum student fails to engage in supervision, is resistant to supervision, or fails to follow supervisory feedback
- The practicum student demonstrates an inability to maintain appropriate boundaries between personal and professional roles and issues
- The practicum student fails to complete practicum hours in a timely way providing the appropriate ratio of direct and indirect counseling services
- The practicum student fails to provide supervisors with appropriate work samples (tapes of interactions with clients, preferably video)
- The practicum student fails to demonstrate the professionalism expected at this level
- The practicum student fails to meet the expectations of professional behavior in a classroom environment/practicum class

Grade of C or Below

Prior to the confirmation of a final grade of C the following procedures must be followed:

The Practicum course instructor will inform the practicum student that one or more supervisor has evaluated his/her performance as substandard performance in advance of formal evaluation conferences.

1. Areas of deficiency will be clearly defined, documented, and discussed.
2. A plan for strengthening the areas of deficiency will be formulated. The practicum student will be expected to follow the recommendations specified in the remediation plan.
3. The practicum student will be given adequate opportunities to demonstrate satisfactory achievement within a specified timeframe.
4. Attempts will be made to help the practicum student improve.

When a student earns a grade of C for practicum:

- The student may repeat the practicum course the next semester it is offered.
- Should the student decide to delay repeating the practicum course and not take it the next semester it is offered, the student must provide a written statement to the Practicum Coordinator specifying the reason for delay.
- Students who fail to earn a grade of B or higher after their second enrollment in Practicum course will be subject to faculty determination as to whether they will be allowed to continue in the counseling program.

Prior to the confirmation of a final grade of D or less the following procedures must be followed:

- The practicum student's site manager, site supervisor, or counseling program faculty must have requested the practicum student be removed from the placement site.
- After the practicum student has been provided opportunity for a hearing, the counseling faculty determines unethical or illegal practice on the part of the student did occur.
- The faculty finds the practicum student's unethical or illegal practices have been such that they are unable to endorse the student as a counseling practicum student appropriate for site placement.

When a student earns a grade of D or less for practicum:

- The student may not repeat practicum.
- The student will be dismissed from the counseling program.

Please note that these evaluation criteria apply to the field placement portion of practicum. Other criteria for the initial portion of practicum are noted in the syllabus. Additionally, a grading rubric for the initial portion of practicum related to competencies is included in Appendix P.

Appendix B
University of Arkansas
Counselor Education Program
Memorandum of Understanding

- I. This memorandum of understanding is made this _____ of _____, by and between the University of Arkansas Counselor Education (CNED) Program (hereinafter called the University), and _____ (hereinafter called the Internship Site), on behalf of _____ (intern's name).
- II. WHEREAS, the University of Arkansas has an established Counselor Education Program; and
- WHEREAS, one of the objectives of this program is to train students to work as counselors in community agencies and in schools; and
- WHEREAS, it is the desire of the University to utilize resources of the Internship Site for students (hereinafter also referred to as interns) enrolled in the Counselor Education internship course of the University; and
- WHEREAS, the Internship Site has such resources and is willing to cooperate with the University in making them available for educational purposes;
- NOW THEREFORE, THE PARTIES MUTUALLY AGREE TO THE FOLLOWING:
- A. Joint Responsibilities:
1. Either party may terminate this agreement by giving the other written notice of termination, not less than thirty (30) days prior to the scheduled date for the next internship class. The agreement may be terminated at any time by mutual consent.
 2. Determination of the number of interns to be assigned to the placement shall be negotiated between the Internship Site and the University. The Internship Site has the final decision on the number it can accommodate.
 3. The Internship Site and the University will cooperate in the placement of interns, each sharing responsibility for the final selection. The internship Site has no obligation to work with an intern it initially considers or later determines to be unsuited to the Internship Site program, and the University has no obligation to place an intern at a site it considers unsuitable.
 4. Family Educational and Privacy Rights Act, 20 U. S. C. S 1232 G, commonly known as the "Buckley Amendment" will govern access to student records.
 5. No party to this agreement shall, in connection with any aspect of its performance, discriminate against any person by reason of such differences as socioeconomic status, race, color, disability, gender, age, religion, handicap, or nation and ethnic origin.
 6. Interns are not to be considered employees and are not intended to replace paid employees or service contracts.
 7. Internship Site acceptance of a student for placement does not obligate the Internship Site to compensate the intern or the University. Further, there is no financial obligation on the part of either

institution to the other. Any agreements which promise financial compensation to the intern are wholly separate and apart from this memorandum.

8. The University and Internship Site agree to prohibit interns, faculty or staff from publishing any materials as a direct result of an intern's internship experience, unless such publication is approved in writing for release by the Internship Site and the University, such approval not to be withheld unreasonably.
9. Neither party may use the other's institutional name in advertising media.
10. University and Internship Site supervisors of interns will comply with:
 - a) The 2014 American Counseling Association Code of Ethics and the Association for Counselor Education and Supervision Ethical Guidelines. A copy of both will be in the Counseling Program Internship Manual.
 - b) All State of Arkansas legal statutes regarding the practice of counseling. Attention is particularly drawn to 72nd General Assembly Act 593, Section 15:

“Students engaged in counselor training programs...may perform as part of their training the functions specified in Section 3 of this Act...”(counseling, appraisal, consulting, referral, and research):...provided that such functions are performed under the supervision of a Licensed Professional Counselor.”

(Note: If the Internship Site Supervisor is not a Licensed Professional Counselor, this provision must be met if the University supervisor defined in paragraph II.B.4. The University of Arkansas Counseling Program normally provides supervision to counseling students only during regular sessions of the academic year of the University of Arkansas.

B. Responsibilities of the University of Arkansas Counselor Education program:

1. Designate one person to serve as the Internship Coordinator. This person will be responsible for the primary coordination and administrative aspects of the internship placement program.
2. Ensure that the Counseling Program Internship Manual contains current policies, guidelines, requirements, objectives and forms, and is available for purchase by interns.
3. Provide the Internship Site current information on dates of internship assignments, required total hours of work, and the nature of educational assignments necessary for each intern.
4. Designate university supervisors who will review samples of the intern's direct service work. These supervisors may be Counseling program faculty or doctoral-level graduate students in the counseling program who have attained necessary experience and training to act as supervisors. University supervisors will periodically confer with the Internship Site manager regarding the intern's progress.
5. When circumstances beyond the control of the University or Internship Site indicate the intern must be withdrawn, or if the Internship Site is unable to meet the conditions of the agreement, the University has the responsibility to withdraw the intern from the placement. This action will be taken only after consultation with all Internship Site and counseling faculty involved in the placement.

6. The University will provide, as needed, group meetings for internship administrators, staff, and placement site supervisors. These meetings are intended to promote understanding of the curriculum of the University, encourage communication and interaction between counseling practitioners and counselor educators, and to develop competence in internship training and supervision.
7. The Counselor Education program will offer workshops or other learning opportunities which current Site Supervisors may attend by invitation without payment.
8. The University will permit the Counselor Education faculty to participate as resource persons for Internship Site activities, on invitation from the Internship Site.
9. The University will assist the Internship Site supervisor in obtaining learning resources for interns upon request.

C. Responsibilities of the Internship Site:

1. The Internship Site Manager will designate one staff professional, known as the intern's Site Supervisor, to instruct, supervise, and evaluate each intern and be available for consultation as requested by the University. This professional should: (a) Have a Master's Degree or higher in a human services field from an accredited institution, (b) possess appropriate certification or licensing, (c) have a minimum of two years of pertinent professional experience, (d) be aware of the internship program's requirements, as outlined in the Counseling Program Internship Manual, (e) be aware of the requirements for counselor supervision referenced in paragraph II.A.10 above, and (f) be approved by the CNED Internship Coordinator. If the professional is not a counselor by degree, she/he must also be familiar with and committed to the values, skills, ethics, and knowledge required for counselor practice. Site Supervisors agree to submit a professional resume or vitae to the University of Arkansas Counseling Program Internship Coordinator.
2. The Internship Site Manager will provide adequate time for the Site Supervisor to hold individual supervision sessions with the intern for at least one hour per week.
3. The Internship Site Supervisor will be responsible for the actual supervision of the intern's activities at the Internship Site.
4. The Internship Site Manager will provide time of the Site Supervisor to attend scheduled meetings for Site Supervisors, to be held at a designated time and place on the University campus.
5. The Internship Site will provide office supplies, telephone facilities and office arrangements it considers will enable the intern to function effectively, and will make provisions for safeguarding materials the agency considers confidential.
6. The Internship Site Supervisor will provide learning experiences compatible with program's educational objectives, as outlined in the Counseling Program Internship Manual and as delineated in the learning contract jointly developed by the Site Supervisor and the intern.
7. The Internship Site Supervisor will provide the internship course instructor written evaluations of the intern at mid-semester and end-of-semester, at any time the intern is demonstrating unsatisfactory performance, or placement termination if earlier.
8. The Internship Site Supervisor will promptly communicate to the University Internship Coordinator any concern regarding the intern's performance.

9. The Internship Site Supervisor will consult the Internship Coordinator promptly if circumstances arise which require the Internship Site to withdraw the intern from the placement.
10. The Internship Site Supervisor will arrange intern work schedules that will not conflict with schedules of the University.
11. The internship Site Manager agrees to permit, upon reasonable request, the inspection of related Internship Site facilities by the University and organizations charged with accreditation of the University's programs.
12. The internship Site Manager agrees to allow the Internship Coordinator access to Internship Site facilities and records, including audio/video recordings, necessary to evaluate the professional performance of the intern. The intern's progress in skills development will be the focus of the University supervisor; case conceptualization and management will remain solely within the purview of the placement site supervisors.
13. The Internship Site Supervisor agrees to provide each intern all site policies, rules, and regulations pertinent to the intern's role in the placement. Particular emphasis will be placed on requirements for safeguarding client rights and confidential professional information.

D. Responsibilities of the Intern:

1. The intern will follow Internship Site and University policies, schedules, procedures, programs, and operating standards.
2. The intern will abide by the 2014 American Counseling Association Code of Ethics and by all applicable statutes of the State of Arkansas which regulate the practice of counseling.
3. Master's level interns will complete 300 clock hours of internship during their first semester and 300 clock hours of internship during their second semester of internship. For every 100 hours worked, interns must complete no less than 40 hours of direct counseling services. The remaining 60 hours may be completed in carrying out other duties normally assigned counselors at the site.
4. During participation in internship activities at the site, the intern will be under the supervision of the Internship Site Supervisor.
5. The intern will promptly complete all required documentation, such as process recording, assessment reports, progress notes, and any other reports required by the Counselor Education Program or the Site Supervisor.
6. The intern will prepare for and actively participate in weekly supervision sessions with the Site Supervisor and with University supervisors.
7. The intern is responsible for maintaining appropriate professional liability insurance. If the internship Site has health and safety requirements, the intern is expected to meet them.
8. The intern is not an employee and is not entitled to remuneration during the placement unless otherwise arranged for with the Internship Site and the University. At its option, the Internship Site may reimburse the intern for travel expenses incurred in fulfilling internship duties.

9. The intern will consult with the Site Supervisor and University internship course instructor to formulate a personal learning contract which will document specific learning objectives, activities, and means of evaluation.
10. The intern will advise the Site Supervisor in advance of an anticipated need to be absent from the placement site. In any situation that prohibits advance notification, the intern will promptly contact the Site Supervisor and reschedule missed appointments.

Counselor Education Program
Consent for Taping Sample

Note: Print this consent on placement site's letterhead stationary

To the client:

Your counselor is a counseling intern who has completed most of the required coursework for a graduate degree in counseling at the University of Arkansas. Your counselor has successfully completed the coursework and training required by national standard to be prepared to provide counseling services. The University of Arkansas graduate program in Counseling is accredited by the Council for Accreditation for Counseling and Related Educational Programs (CACREP) and its faculty and students adhere to the American Counseling Association's (ACA) Code of Ethics. CACREP and counseling program standards require graduate students to participate in on-the-job training internships during which experienced licensed counselors supervise them. The ACA Code of Ethics requires that persons receiving services from counseling interns are aware that the interns are being supervised.

Counseling interns receive supervision by more experienced counselors both on-site and at the University of Arkansas graduate counselor training program. In keeping with the ACA Code of Ethics, all records of counselor services provided are considered confidential professional information. Counseling interns are required to demonstrate their skill in interactions with clients by providing supervisors work samples in the form of recorded tapes of counseling sessions. Counseling interns may request permission to record counseling sessions with audio or videotaping equipment. These tapes are intended to enhance their professional training and improve the services you receive. If you agree to be taped, these tapes are also considered to be confidential professional information and will be protected by the counseling intern and the supervisors of the counseling intern in keeping with the ACA Code of Ethics. The only time this confidentiality may be breached is at your request or when required by law.

Consent to Participate in Counseling

I, the undersigned hereby acknowledge that I have read and understood the information presented above and that I agree to receive counseling services from this intern.

Signature of Client Date

Signature of Client's Parent/Guardian (if applicable) Date

Signature of Student Counselor Date

Consent to Tape Counseling Sessions

In addition, I do ___ / do not ___ (Check one) grant permission to allow these counseling sessions to be taped. I understand that only counseling intern supervisors and counseling interns will be allowed to review these tapes and that these tapes will be subject to the same standards of confidentiality as all counseling records as specified by the American Counseling Association's Code of Ethics and the laws of Arkansas. I understand that I may withdraw this permission to tape at any time.

Signature of Client Date

Signature of Client's Parent/Guardian (if applicable) Date

Application to Become an Approved Practicum/Internship Site – Clinical Mental Health Counseling

Thank you for your interest in becoming an approved field placement site for practicum/internship students in the University of Arkansas Counselor Education program! Enclosed is information regarding the application and approval process. As faculty, we strive to provide our students with the best clinical training available. Consequently, we pair with local, state, and national community providers who strive to meet best practices in their service. Some of these standards and expectations are outlined below for your review.

Please complete the included application form and submit the document, along with any resumes or curriculum vitae of potential Site Supervisors, and any brochures, flyers, or other organizational information, and forward to:

Erin Kern Popejoy, PhD, LPC/S
University of Arkansas
751 W. Maple St, GRAD 141
Fayetteville AR 72701

Once we have received these documents we may contact you to discuss program specifics and additional placement requirements. We appreciate your interest in becoming an approved placement site for our students, and we look forward to working with you.

Sincerely

Counselor Education Program Faculty

Practicum/Internship Site Selection and Approval Process

Potential practicum and internship sites are selected on the basis of their service delivery, commitment, and ability to provide quality learning opportunities for University of Arkansas (U of A) counseling students. Current sites encompass a wide variety of agencies/organizations, reflecting a broad spectrum of human needs and services. Some examples include traditional counseling agencies, behavioral health services, local and state governmental offices, criminal justice settings, and private sector services. Students are placed with agencies/organizations in Northwest Arkansas and the surrounding communities and are required to attend practicum and/or internship classes on campus.

U of A Counselor Education program faculty recognize the many unmet needs and barriers that impede care for people with behavioral health concerns. Furthermore, we recognize that these concerns are common; regardless of background, stage of life, circumstance, or community. With this perspective, the Counseling faculty invite and welcome a broad array of agency/organizational affiliations whose common goal is the betterment of our communities.

All agencies/organizations must meet the following requirements:

1. The availability of necessary learning experiences;
2. Willingness of the agency's executive and program staff to support Counseling Program's educational goals;
3. Availability of appropriate supervision;
4. The primary mission/purpose of the organization, identified program or department must address human needs (e.g. policy, administration, evaluation, research, direct service delivery, etc.);
5. The agency/organization cannot engage in discriminatory practices (e.g. personnel hiring, acceptance of students or clientele, etc.);
6. The site supervisor's willingness to participate in the Counseling Program's activities (e.g. site/supervisor orientation, guest lecturers, meeting(s) with practicum/internship supervisor, etc.);
7. The agency/organization must support the student's placement and allow the Site Supervisor sufficient time for student's supervision. Minimum scheduled supervision time is one hour per week;
8. Site Supervisors must possess the following minimum qualifications: Master's Degree in a Mental Health discipline (i.e. from an accredited University, preferably Counseling); valid standing as a Licensed Professional Counselor (unless otherwise approved by the Program faculty), and a minimum of two years postgraduate counseling experience. Doctoral students are usually supervised by a doctoral-level supervisor;
9. The agency/organization must have the administrative capacity to sustain necessary student activities (e.g. space, phone, privacy, support staff, etc.);
10. The agency/organization must ensure that appropriate measures and procedures are in place in order to protect the student's safety. At a minimum, these procedures and measures include, but are not limited to, training and orientation regarding policies and procedures for: 1) organizational safety, 2) conducting appropriate home visits, 3) interacting with potentially difficult clients, 4) managing emergencies, and 5) appropriate screening of student assignments by the Site Supervisor(s);
11. The agency/organization must encompass a system of community accountability. This community accountability may be demonstrated by a representative board of directors; fiscal accountability via a budget review process; periodic review by an accrediting/licensing agency; The agency/organization must inform the student's practicum or internship instructor of any changes in the student's supervision. This communication should occur, as soon as possible, in order to ensure adequate and appropriate student supervision.

Initiative for establishing on-site practicum or internship in any given agency/organization may originate with either the University or the agency. Appropriate processing of this application will involve the

agency/organization, including: 1) the agency/organization's authorized authority, 2) the agency/organization's Site Supervisor designate, 3) the Counseling Program Clinical Coordinator, and 4) the student's practicum or internship instructor. The review and affiliation process includes, at a minimum:

1. A thorough review of the applicant agency/organization (i.e. service description, client population(s) served, Site Supervisor credentials, etc.);
2. A conference (i.e. by telephone or in person) with the agency/organization's administrator and/or Site Supervisor regarding expectations of all parties involved; and
3. A clear description of how the student's educational requirements may be achieved via the application materials submitted by the agency/organization.

DISCLOSURE AND AUTHORIZATION (CLIENT UARF14)

In connection with my application for employment (including contract for services or **volunteer services**) or tenancy with (U OF A COLLEGE OF EDUCATION AND HEALTH PROFESSIONS), I authorize the use of requested Consumer Reports. These consumer reports (investigative consumer reports in California) may include the following types of information: names and dates of previous employers, salary, work experience, education, accidents, licensure, credit (except California), etc. I further understand that such reports may contain public record information such as, but not limited to: my driving record, workers' compensation claims, judgments, bankruptcy proceedings, criminal records, etc., from federal, state and other agencies which maintain such records.

In addition, investigative consumer reports as defined by the federal Fair Credit Reporting Act, gathered from personal interviews with former employers and other past or current associates of mine to gather information regarding my work performance, character, general reputation and personal characteristics may be obtained.

I AUTHORIZE, WITHOUT RESERVATION, ANY PARTY OR AGENCY CONTACTED BY THE CONSUMER REPORTING AGENCY TO FURNISH THE ABOVE-MENTIONED INFORMATION.

I have the right to make a request to the consumer reporting agency: CourtHouse Concepts, 4250 N Venetian Ln., Fayetteville, AR 72703; telephone 877-750-3660. CourtHouse Concepts, upon proper identification, to request the nature and substance of all information in its files on me at the time of my request, including the sources of information and the agency, on our behalf, will provide a complete and accurate disclosure of the nature and scope of the investigation covered by the investigative consumer report(s); and the recipients of any reports on me which the agency has previously furnished within the two year period for employment requests, and one year for other purposes preceding my request (California three years). I hereby consent to your obtaining the above information from the agency. You may view their privacy policy at their website: www.courthouseconcepts.com.

I hereby authorize procurement of consumer report(s) and investigative consumer report(s). If hired (or contracted), this authorization shall remain on file and shall serve as ongoing authorization for you to procure consumer reports at any time during my employment (or contract) period.

I acknowledge that I have been provided a copy of consumer's rights under the Fair Credit Reporting Act.

My commission expires: _____

THE FOLLOWING IS TO BE COMPLETED BY CENTRAL REGISTRY

The Arkansas Child Maltreatment Central Registry contains no record under the referenced name in a true report of child maltreatment.

Examiner's Initials and Date _____

Please note that whenever there is a determination of child maltreatment, the person identified as the offender has the right to a hearing to contest that determination. The person's name may not be placed in the Central Registry until after the hearing decision. Therefore, the absence of a true report in the Child Maltreatment Central Registry does not imply that the person is or is not the subject of a completed child maltreatment investigation. Please check the Central Registry periodically as names can be added to the Central Registry based on new maltreatment reports and upon final administrative determination.
